3rd IPM-NUS Workshop on Computer Science

February 26th, 2013
School of Computer Science
Department of Bioinformatics
Institute for Research in Fundamental Sciences (IPM), Tehran, IRAN

Lectures:

Exploratory hypothesis testing
Limsoon Wong

A multimodal immersive virtual reality system with ungrounded haptic rendering device for impulsive force and torque simulation
Farzam Farbiz

Flipping (in parallel) towards Delaunay triangulation
Tiow Seng Tan

Things that fly
Colin Tan

Organizers:

○ **Changiz Eslahchi**
   Shahid Beheshti University

○ **Hamid Pezeshk**
   University of Tehran

○ **Mehdi Sadeghi**
   National Institute of Genetic Engineering and Biotechnology(NIGEB)

○ **Limsoon Wong**
   National University of Singapore (NUS)
