

Dear hiring committee,

I am writing this letter to recommend Dr. Paria Darbani for the position of postdoctoral researcher at the Institute for Research in Fundamental Sciences (IPM). I have known Dr. Darbani since 2016 when she was pursuing her MSc degree. We have collaborated on one scientific paper that has been published in the TVLSI journal, which is a high-ranking journal in computer engineering.

Dr. Darbani is a hard-working individual who is dedicated to research and devotes a great portion of her time to it. She has a very good vision in her research and always comes up with new ideas during our meeting. Her main focus is accelerators for AI, which is an important field of research, and I believe she will publish many more high-quality papers in this field in the near future. Dr. Darbani is also a great team player and has a kind and respectful personality. She has excellent communication skills and can work well with people from diverse backgrounds. She is always willing to help others and has been an asset to our team.

During our collaborations, she demonstrated exceptional analytical skills and was able to solve complex problems with ease. She has a strong foundation in computer engineering and has shown great potential in the field of AI accelerators. Her research work on this topic has been impressive, and I believe that she will continue to make significant contributions to this field.

Dr. Darbani's passion for research is evident from her dedication to her work. She is always willing to go the extra mile to ensure that her research work is of the highest quality. Her commitment to excellence makes her an ideal candidate for the postdoctoral position at your institute.

In addition, Dr. Darbani has achieved very high rank in students' evaluation of faculty members in Iran University of Science and Technology for the courses she was teaching there. She is always ready to help other students and has been an inspiration to many.

I strongly recommend Dr. Paria Darbani as a postdoctoral researcher at your institute, and I believe that she will be an asset to your institution. Please feel free to ask any further questions about her either through my email or in person.

Sincerely,
Nezam Rohbani
