KHARAGPUR - 721302, INDIA

***Dr. Bodhayan Roy**, Assistant Professor, Department of Mathematics*

Subject: Letter of reference for Dr. Arash Vaezi

October 30, 2023

To whomever it may concern,

I have known Arash for around a decade now. We have collaborated in a project on visibility graphs, which were also the main objects of study for his PhD. I am also aware of his interest in Distributed Computing and Artificial Intelligence.

Arash has a sound understanding of Visibility Graph Theory and other topics of Computational Geometry. He is a diligent learner and a hardworking researcher. In the years that I have worked with him, I have witnessed a considerable development in his analytical skills as well as his quality of writing and presentation.

Altogether, given his above qualities, I think that Arash would be a suitable candidate for a postdoc position at the School of Computer Science, Institute for Research in Fundamental Sciences.

Best regards,

Dr. Bodhayan Roy
Assistant Professor,
Department of Mathematics,
