Cover Letter

Date: February 7, 2024

Dear Hiring Committee,

I am writing to express my strong interest in the Part-Time Researcher position at the Institute for Research in Fundamental Sciences. Having served as an Assistant Professor at Sharif University of Technology with a specialization in computer networks, I am excited about the potential for collaboration with your esteemed institution.

In my academic career, I have dedicated myself to exploring the intricate facets of computer networks, delving into both theoretical and practical dimensions. My commitment to pushing the boundaries of knowledge is evident through my publications in respectable international conferences and journals within the field of computer network research. This experience has not only honed my analytical and research skills but has also afforded me a comprehensive understanding of the theoretical underpinnings of complex networking problems.

The Institute for Research in Fundamental Sciences holds a unique position in fostering research in fundamental sciences, and I am particularly drawn to the emphasis on theoretical aspects aligning with the vision of the Institute. My interest in theoretical problem-solving within the realm of computer networking aligns with the goals of the Institute. Therefore, I hope to contribute meaningfully to the Institute's mission of enabling and advancing research in fundamental sciences.

What excites me most about this opportunity is the chance to collaborate with esteemed researchers at the Institute for Research in Fundamental Sciences. Enclosed with this letter is my resume, which provides further details about my academic background, research achievements, and publications. I would be honored to discuss how my skills and passion for theoretical computer network research can contribute to the Institute's continued success during an interview. Thank you for considering my application. I am enthusiastic about the possibility of contributing to the Institute for Research in Fundamental Sciences and look forward to the opportunity to discuss my application in more detail.

Sincerely,
Mahdi Dolati, Ph.D,.
Assistant Professor, Department of Computer Engineering,
Sharif University of Technology, Tehran, Iran.
