To Whom It May Concern,

I am writing this letter to wholeheartedly support Dr. Hossein Yarahmadi's application for the postdoctoral position at IPM School of Computer Science. I had the opportunity to work alongside Dr. Yarahmadi at the University of Antwerp's Department of Computer Science for approximately four months, during which we both held postdoctoral positions. Although we worked on different projects, I had ample occasion to observe Dr. Yarahmadi's exceptional dedication to assigned tasks, expertise in reinforcement learning, and professionalism.

Dr. Yarahmadi is highly committed to fulfilling responsibilities and consistently ensures tasks are completed with accuracy and timeliness. I was particularly impressed with his expertise in reinforcement learning, an area in which he excels. He has demonstrated a deep knowledge of the field and a unique ability to implement innovative approaches within his research, which has contributed significantly to the department.

Moreover, Dr. Yarahmadi's professionalism, courteous demeanor, and collaborative spirit make him a joy to work with. He played a key role in fostering a positive atmosphere within our team, promoting both productivity and morale.

In conclusion, I fully support Dr. Yarahmadi's application and am confident that he will make valuable contributions to IPM School of Computer Science. Dr. Yarahmadi's depth of knowledge, dedication, and commitment to continuous improvement will undoubtedly benefit IPM School of Computer Science greatly.
