

Dear Sir/Madam,

I am writing to express my strong interest in working with your esteemed research team. I hold a PhD in Electrical and Computer Engineering from the University of Porto, where my research focused on “Deep Reinforcement Learning for Joint Cruise Control and Intelligent Data Acquisition in UAVs-Assisted Sensor Networks”. My work was conducted under the supervision of Prof. Kai Li and Prof. Eduardo Tovar at the CISTER Research Center.

Throughout my doctoral studies, I have demonstrated a strong aptitude for cutting-edge research, contributing to the field through several publications in high-impact journals and conferences. Specifically, I have published two articles in the prestigious IEEE Transactions on Vehicular Technology, as well as in the IEEE Wireless Communications Magazine. My work has also been featured at flagship conferences such as the IEEE International Conference on Communications (ICC).

I am enthusiastic about the opportunity to collaborate with you and contribute to ongoing research projects. I am confident that my background, coupled with my passion for research, will enable me to make a significant impact on your team. I am eager to discuss how my skills and experiences align with your research goals and how we can work together to drive innovation.

Thank you for considering my application. I look forward to the possibility of contributing to your research efforts and am available at your earliest convenience for further discussion.

Sincerely,

Yousef Emami
